

SPRK HIGH SCHOOL

Domain:Education.

overview:

this is my school website where you can contact or reach our location and know about special trainings and you will have a idea on admission criteria and can also reach us in social medias.

The reason for choosing education domain?

We don't have a website for my school till today. So I wanted to gift a website to my school.

Design of my website:-

My website contains various pages like home, infrastructure, contact and more.

Time taken: I have spent 4-6 hrs to design my website completely.
